Dear Gottlieb:

First of all enclosing lineup of The Eagles. We may have a couple more by the time we come to Shibe park, and I expect Pearson to be gone. But I decided this was the best thing to do under the circumstance. If I get any replacements in the next few days, I will send them to you.

Next about Kansas City. I wrote Baird but have not heard from him as yet. I asked him what he was asking for the date. I wish you would get busy and take care of it for me, as I definitely would like to have Satchell here. (Who would'nt?). If he is coming however I want to get some advance publicity. The date is July 18.

Next we are playing The Grays in Washington Aug. 26th, and they will pick us up again in Altoona the 31st. Do you think you can place The Eagles and Elites for the days in between? I thought we might be able to go into Chester, Wilmington, York, or some place in that territory for the days in between. If there are any cities around that way you would like to try out, I would be willing to gamble with it.

I was happy about the New York crowd yesterday. It looks like the town want baseball. When you consider the weather, and the fact we play every Sunday, plus the attraction. It makes me feel encouraged.

Please get busy on the Kansas City date. I will be looking to hear from you.

Very Truly Yours
